

America's Christmas Hometown

Santa Claus INDIANA

The town of Santa Claus is a magical and historical destination to visit 365 days a year. With the only post office in the world to have the Santa Claus name, thousands of letters pile into this small, charming town annually. Visitors from all over have their letters and Christmas cards postmarked from the one and only Santa Claus, Indiana.

Plan for two or more days of family fun at Holiday World & Splashin' Safari. The world's first theme park is known for its friendly staff and clean park plus record-breaking rides such as the new Mammoth, the world's longest water coaster. TripAdvisor.com named Splashin' Safari the nation's #1 Water Park. Camp in style at Lake Rudolph Campground & RV Resort and play a round of miniature golf at Frosty's Fun Center - home of the giant melting snowman. Families will love the horseback riding adventure at Santa's Stables, too!

Visit the Santa Claus Museum & Village to learn about the history of this picturesque town and see the fully restored 1935 Santa Statue "dedicated to the children of the world." Venture over to Santa's Candy Castle for a magical Christmas experience for believers of all ages and browse through the gigantic Santa Claus Christmas Store for holiday treasures.

Holidays
